

GRO-LAC® WATERBORNE SPRAY DOT INK

Series Product Numbers

Black 777-8109, Red 777-4109

Product Description:

A low VOC, fast dry waterborne ink for environmentally safe Spray Dot Ink applications. GRO-LAC® Ink has been specially formulated for use on all aircraft substrates. Ink applications are made easy by using the GRO-LAC® Ink in conjunction with the Groco #FG-200 Paasche Industrial Airbrush. GRO-LAC® Ink produces quality, durable, easy to read identification marking and stenciling on shipping crates and boxes. Clean equipment with soap and water.
