

**PRODUCT:** GRO-GREEN CONCENTRATED COLORANT

**CODE:** 707-7102

**TYPE:** AQUEOUS

**PRODUCT DESCRIPTION:** Gro-Green Concentrated Colorant is a permanent green colorant used to impart a natural look to trees when applied as directed. This product should be used on evergreen trees and shrubs to help mask unappealing effects such as yellowing caused by disease or drought. Trees are normally sprayed prior to cutting.

**DIRECTIONS FOR USE:** Always stir or agitate before using. Do not spray in high winds or when temperature is below 40 degrees F or when trees are wet. Trees should not be sprayed when rain is forecasted. Care should be taken not to spray pavements, buildings or any form of masonry, as staining will occur. All spray equipment must be washed thoroughly after use. Wash all spray tips, nozzles and straining screens thoroughly. Wear the proper protective clothing when spraying to avoid staining good clothing. This material will dry in approximately 15 to 30 minutes on warm days and will dry slower on cold, cloudy days.

**DILUTION:** Dilute 1 gallon of Gro-Green Concentrated Colorant to 30 gallons of water and apply to trees. For smaller applications, dilute 4 ounces to 8 ounces per gallon of water. For trees that have already turned yellow, dilute 1 gallon Gro-Green Concentrated Colorant to 20 gallons of water. The lower the dilution with water, the stronger the green color will be. This material should not be used for any purpose other than intended. For Industrial use only. Keep container closed after each use.

**PRECAUTIONS:** PROTECT FROM FREEZING! KEEP OUT OF REACH OF CHILDREN! Harmful if swallowed. Avoid contact with skin, eyes. Wash thoroughly after using. In case of contact with eyes, flush eyes 15 minutes with water; seek medical attention if irritation occurs. If taken internally, induce vomiting and seek medical attention. Avoid breathing spray mist. Keep out of irrigation ditches or water used for domestic purposes. Store in original container. Dispose of in accordance with all local, state and federal regulations.

**FOR FURTHER INFORMATION SEE MSDS SHEET.**
