

PRODUCT: GRO-KOTE™ JAWS OVERLAY

CODES: OJAWS50 (White)
OSJAWS50 (Sand)

TYPE: ONE-COMPONENT CONCRETE/POLYMER MIX

PRODUCT DESCRIPTION: GRO-KOTE™ JAWS Overlay is a one-component product consisting of a concrete and sand matrix mixed with a polymer that dries to a uniform bond coat. It is a stamped concrete system that covers old or new existing concrete surfaces with a thin layer. GRO-KOTE™ JAWS Overlay, when stamped, duplicates the look and appearance of many natural stones, slate, or granite, as well as rock formations.

GRO-KOTE™ JAWS Overlay may be color sealed with GRO-LAC® All-Purpose Acrylic Concrete Finish or stained with GRO-LAC® Acrylic Concrete Stain, achieving many different design effects.

USES: GRO-KOTE™ JAWS Overlay may be used on residential or commercial projects. It is ideal for hotel lobbies, sidewalks, pool decks, and patios, etc.

MIXING INSTRUCTIONS: Add approximately 1 to 1 1/2 gallons of water per 50 pound bag of GRO-KOTE™ JAWS Overlay.
